Please drop by to visit our showroom at our architecture office, see examples of our work, and have a look around the BedZED show flat.

Thousands of people visit BedZED every year, so please respect the residents' privacy and do not wander around the community or take photographs of residents' homes unless you are on a guided tour.

Public transport connections to our offices are very good and are by far the better environmental option, however if you need to travel by car, there are a limited number of parking spaces on site.
